TO WHOM MAY IT CONCERN

Client: - Sri Guru Harkrishan Model Senior Secondary School, Sector: 38D, Chandigarh.

It is certified that I have personally visited the School premises of School Building of Sri Guru Harkrishan Model Senior Secondary School, Sector: 38D, Chandigarh along with the representative of the management Mr. Harjeet Singh (CEO/Manager). The Structural has been designed as a Frame structure by some other structural engineers and the same had been constructed in year 1996-97.

As per my visual inspection, the Building is constructed with Basement + 4 storied as per Architectural drawings. The Covered area of the building 27153 sft and the Plot area is 49798 Sft. The same is Structurally safe and sound and there is no deflection crack or any type of deformation in the Structure. Some of the Non destructive test (Rebound hammer, Ultra sonic pulse velocity tests and other misc) were also conducted at site and it has been observed that the building is fit and safe for a school building. This certificate is valid for a period of One year.

For Continental Foundations
